

Hermit Tree Rock

Play for hours of fun with this one-of-a-kind Hermit Rock Climber. The 4 Kids has created this sculpture from sturdy and durable GFRC, maximizing safety, quality, aesthetics and play value, making your outdoor play area safe and exciting. Textured to feel like the real deal, you won't be able to tell this tree and rock are composed of concrete. Let your children challenge their bodies and build up their muscles as they climb the roots to the top. Pair this with several style climbing rocks or stumps, along with log balance beams for a fun nature themed playscape.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
