

Holstein Calf Sculpture

This little calf is just flat-out cute and when it comes to making an impression on young minds, cute is always a winner. Shown here in our realistic finish, the Holstein Calf Sculpture climber is a great way to engage children learning about farms, animals, or frontier life. Perfect for outdoor playgrounds, indoor play places, museums, or attractions, this play sculpture is built so kids can climb, play, and imagine. Like all our animal sculptures, we've engineered this calf to maintain its strength and finish no matter what the weather--or the kids--dish out.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
