

Horse Play Sculpture

The 4 Kids' Horse Play Sculpture brings the beauty of this magnificent beast to delighted children, especially on a farm or frontier themed playground setting. A breathtaking design and realistic detail makes this lifelike steed the perfect accent for a theme park, civic playground or a commercial family fun center with a farm or western theme. Kids on the playground love this horse because they are able to climb atop, explore its equine features and balance on its back, not to mention the opportunity for some exciting make believe among friends.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
