Indian Horse Sculpture

Adventure play-ground...Old West attraction...animal exhibit...The Indian Horse Sculpture is a dynamic play structure for your themed play-ground, museum, or attraction. It's a climber constructed from safe, durable material, making it a fun way for kids to act out adventures and engage in creative play. The colors on the realistic finish (shown here) are vibrant and UV-stable, so they'll maintain their beauty indoors or out. This finish also features incredible detailing that makes it seem as though this horse is ready to gallop off into a Wild West movie.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
