

Jellyfish Stepper 1

The kids will be hopping all over the beach when they see these steppers. The Jellyfish Stepper is ideal for beach and ocean themed playgrounds. Group several together to create your own jellyfish swarm. Hand crafted with meticulous detail by our team of talented artists, your playground will surely stand out with ocean creatures 'blooming' all around. We have many to choose from, and love doing custom work. We can make three, fifty or even a hundred jellies for you. We also have our Jellyfish Pods that would look great as a translucent addition to any museum or garden. If you have an ocean themed project in mind, give us a call, so we can get started today.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
