

Kennington Playground

The 4 Kids Kennington Playground is a magical setting for kids in the park bringing them back to the days of knights, kings and princesses in peril. Another custom designed playground from this Greenville, Texas supplier that kicks up the fun factor for parks, Kennington Playground ignites your child's imagination like no other. Authentically designed with realistic detail, this play structure offers a setting right out of Camelot. The two castle turret enclosures offer shelter for meeting playmates and planning activities, while several slides, a rock wall and decked passageways ensure that no matter what the preference, sliding, climbing, crawling or jumping, toddlers to tweens will love Kennington. Thrilling for kids, play structures like the ones crafted in The 4 Kids studios also appeal to parents, since the strictest safety standards are built into every feature. High tech, low maintenance construction materials such as glass fiber reinforced polymer, ensure weather resistance, long life and a realistic, lifelike design that lends itself to placement anywhere.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
