

# Koi Pavilion

A stunning piece of art, this Koi Pavilion will definitely make a statement at your city center. Crafted from polymer glass, this beautiful display of craftsmanship will definitely draw a crowd. This is a pavilion for everyone. Enjoy the view of the domed koi pond while sitting on the benches. Our artists take special care with every order. When it comes to weight, size, and weathering, we place special attention to the materials used. This piece is crafted from a stained glass polymer which is lightweight and shatter-resistant as opposed to glass. As a subsidiary of The Stromberg Group, we are able to offer many options for any part of your community, whether it is stained glass, gfrc or gfrp for pavilions, windows, domes, buildings, parks and many more. Designing a large floor fountain for your community? This would make a beautiful feature with all of the water dancing around.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
