

Large Bat

Bats are one of nature's most intriguing creatures. The Large Bat Sculpture captures its nocturnal life style while leaving room for imagination and play. This bat flies through the air, sailing above farms, ranches, and the big frontier or through zoo and safari settings. While at first glance it may not be playground material, anything that makes children think, play and pretend is the perfect addition. This sculpture can be reinforced for a playable aspect. Have it hang from the ceiling upside down or perched on one of our gfrc branches of a treehouse.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
