

# Mustang Model Plane

What could be more exciting for kids than an airplane ride in a vintage Mustang Model Airplane? Even better if they can ride that plane during a visit to their favorite playground! The 4 Kids Mustang Model Airplane is one of a wide and varied collection of vintage and modern airplane playground equipment that are perfect replicas of the originals. Design and color, detail and finish, every aspect of The 4 Kids Mustang Model Airplane is meticulously created by masters of this playground work of art that is kid-sized, at nine feet nine inches long and three feet two inches high. A tough, durable resin finish protects the Mustang Model Airplane from the wear and tear of delighted children who crawl, climb, balance and explore this superior playground sculpture while allowing their imaginations to soar to new heights. Constructed using the strictest safety standards, the airplane is the result of a team effort of artists and engineers and kids, who test The 4 Kids playground equipment for fun and functionality.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
