

Leek

Visitors and guests will dig this Leek Sculpture, an oversized and realistic version of the real deal--from root to leaf. The 4 Kids engineers all its indoor/outdoor sculptures with material that holds up beautifully under rough weather and bright sunlight. Display it in a garden, children's museum, themed attraction, or any space with a healthy eating theme. This piece is a cute companion to our other food sculptures, such as the Tomato and the Garlic Sculptures.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
