

Log Crawlers

Calling all kids who are crawlers and climbers! Have we got a playground structure for you?! The 4 Kids' Log Crawlers are made up of a collection of very cool hollow logs that you can crawl through and climb on while developing a healthy sense of balance. So realistically designed, anyone would be convinced the hollowed out logs were real, a product of Mother Nature herself. In fact, the logs are expertly created by the playground artists in the studios of The 4 Kids, and this unique example of playground equipment blends perfectly with elements of a nature themed community or commercial themed play park.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
