

Leaf Balance Log

Great for climbers, explorers, and little nature enthusiasts, this GFRC Balancing Log is an ideal piece for the playground. Kids may feel like an ant walking across this beam, then descending on a giant leaf. There is the option of adding rocks for an even more natural setting. This piece is a great way to develop a sense of balance and strengthen those muscles. Realistically detailed, no one would know it wasn't real. This unique example of playground equipment blends perfectly with elements of a nature themed community or commercial themed play park.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
