

Lying Holstein Cow Sculpture

This cow might be lying around... but the kids won't be when they catch sight of it. This Lying Holstein Cow Sculpture gets children excited about life on the farm, in the barn, or on the frontier. Like all our play sculptures, this one is designed to nurture the imagination and get kids moving. It's constructed to high safety standards using durable material that children can climb and play on. The colors and finish will stay bright long after the cows come home.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
