

Mackenzie Boulder

Kids and teens won't be able to resist conquering our Mackenzie Boulder. If you need to design a playground or themed park that will stay in visitors' memories, this climber is a fun addition. Available in several finishes, including stone finish, this highly-textured boulder will challenge kids elementary-age and older to build strength, balance, and coordination. The 4 Kids team crafts it from super-durable material that will hold up indoors and out. UV-stable pigments are used, too, creating a piece that maintains its color, even in sunny environments.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
