

# Mammoth Sculpture

It's easy to make a mammoth impression when you add this sculpture to your project. Ideal for museums, indoor play places, or outdoor playgrounds, the Mammoth Sculpture attracts attention in a big way. It's shown here in realistic finish to convey a real-life look and texture, but it's also available in other finishes, including stone or concrete. We've constructed our Mammoth with UV- and weather-resistant material that will maintain its look for many years. This 'Mammoth' of a sculpture can also be featured as a water park attraction with water spraying all who cross its path.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
