

Mayan Temple

A Mayan Temple certainly represents an Archaeological Adventure, especially The 4 Kids' Mayan Temple, designed to power up the fun in an Archaeological Adventure theme park, community playground or commercial fun center. The Mayan Temple is constructed of either concrete or stone and is a replica of an actual ancient Mayan structure, complete with steps to the summit and authentic detail. An all inclusive activity center, the Mayan Temple is fully customized and can include everything from water slides to stairs and steps for climbing and balancing. Constructed with materials that are cutting edge and superior, the Mayan Temple play structure ensures high safety and low maintenance levels.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
