

Great White Shark Jaws Sculpture

This set of Shark Jaws measures over four foot across and is ideal as a show-piece or signage accessory. It would be an asset to any sea-themed space and shows clearly the amazing rows of serrated teeth which are so characteristic of the Great White. Unlike its real-life counterpart, this shark is not going to lose any teeth as it is constructed from super tough glass fiber reinforced concrete and is made to last.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
