

Nautical Anchor Climber

Deep sea diving is for the adventurous. Kids are natural born explorers. Add this aged, authentic looking Nautical Anchor Climber to your playground, and the adventure will begin. Kids would love to climb this as a stand-alone or as an access point to your sunken ship. Our team of artist put a lot of hard work and concentration into each piece. The details are outstanding, and so is the material. With glass fiber reinforced concrete, you don't have to worry about the actual age of this piece. GFRG is the smart-crete and can withstand most weather and the test of time. With little to no maintenance required, this anchor will last for many adventures. We'll be delighted to dive right into your project, so give us a call today to get started on your deep sea expedition.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
