

Newbury Sign

This sign represents elegance and professionalism. Integrated columns on either side of a curved surface set in a block provide a secure placement. The Newbury Sign can be used not only in playground areas, but also offices, government facilities and schools. The face has plenty of space for business name and information or exhibit data that you want to provide to your patrons. The 4 Kids has years of experience in designing signage that meets customer requirements and provides years of durability and practicality.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
