

Obelisk Bollard

Accentuate your museum, attraction, casino, venue, or school with one of the world's most recognizable shapes. The Obelisk Bollard is designed to add both beauty and an added measure of security. It's engineered to resist impact and help safeguard people and property. We'll manufacture it in virtually any color and offer a variety of finishes, including stone or concrete (shown). As with most of our security posts, the size is fully customizable too.
