

Octopus Rock Climber

The Octopus Rock Climber is sure to get children excited about climbing and cephalopods. What a goal: climb to the top to touch the octopus. This arched rock is fully customizable. We can make it high, low, or extra wide. Choose your own sculpture type or choose from one of our many creatures to place on top. We have many rocks and boulders to choose from. Having some climbers on the playground is essential for helping to build children's fine motor skills such as balance and agility. It gives them confidence when reaching their goal of climbing up and over. Call us for a free quote and to help you get started on your climber.
