

Orange Post Topper

Fresh and citrusy, that's the first thing people think when they see The 4 Kids Orange Post Topper, sitting atop a decorative utility post at a themed open market, orchard fun park, restaurant, or any venue where people come to enjoy themselves. The beautiful work of playground art looks as if you could pick it up and peel it, but it is another of the unique designs from the Greenville, Texas studios of The 4 Kids, the creation of talented playground artists that are renowned for their work worldwide. The orange is ideal as a décor tool to add style to food related venues as part of a virtual fruit salad lining walkways, at entrances and supporting signage for park goers. Even though it looks exactly like the real thing, this orange is unfazed by rain, snow, ice or even sea salt spray, since it's superior finish is durable and long lasting for years of service. Customized designs based on the specific needs of park planners is The 4 Kids specialty, with successful results like this orange post topper a given.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
