

Orca Whale Post Topper

A fun visit to a Sea Life theme park is certain to go swimmingly when The 4 Kids Orca Whale Post Topper is on the scene. So real looking it begs to be touched, the orca whale design sits perched atop utility posts at theme parks, aquariums, ocean and beach fun centers and museums. Turning a collection of ho hum utility poles into a virtual pod of orca whales to greet park visitors along walkways, in queues, at entrances and exits or even as displays for signage, The 4 Kids Orca Whale Post Toppers are an exciting décor feature for every fun venue. Children are delighted at the opportunity to view the lifelike design, going virtually eye to eye with this fascinating creature and park planners love him for his durable construction and indestructible finish, tough and weather resistant indoors or outdoors. The ocean salt spray is no match for the quality construction of The 4 Kids Orca Whale Post Topper, which requires virtually no maintenance for long-lasting service. Crafted by experts, this work of playground art is truly a treasured piece of quality park décor.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
