

Pear Sculpture

This succulent-looking Pear Sculpture is a colorful climber addition to any children's museum, garden, arboretum, or Public Park. Designers at The 4 Kids crafted this with a realistic finish that captures the tastiness of this fruit. While it looks good enough to eat, it's actually constructed with super-tough material that stands up to stormy weather, bright sunlight, and--perhaps the toughest condition of all--playing kids. Young visitors will love balancing and climbing over this oversized pear. Display it with any of our other food climbers and sculptures, such as the Tomato or Bell Pepper.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
