

# Perched Toucan Post Topper

What a great way to be greeted at your favorite tropical theme park, by a capricious little toucan with a big smile on his long yellow beak! The 4 Kids Perched Toucan Post Topper, realistically detailed so that you have to do a double take to make sure he's not the real thing, is a colorful, charming playground sculpture to lend a cheerful flair to tasks at the park, indoor or outdoor playground, splash pad, fun center or entertainment venue. Turning a boring set of park utility posts into an exciting group of tropical toucans to the delight of kids and adults alike, The 4 Kids post topper can display signage, greet guests at entrances, define spaces for food vendors and ride queues, just to name a few jobs that enhance park décor plans with panache and style. Crafted by experts in the art of play sculptures in the Greenville, Texas studios of The 4 Kids, the Perched Toucan Post Topper is weather-resistant and virtually maintenance free, with a superior finish that looks good and resists damage for years of service.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
