

# Pointer Dog

---

---

This dog is ready to go...and the kids will be too when they see the Pointer Sculpture. This climber captures the active essence of the breed, giving children a lot of places for their imaginations to travel. Built using material that's resistant to UV rays and all sorts of weather conditions, it's sturdy enough to handle the toughest condition of all: active kids. Let the Pointer Sculpture add fun to your children's museum, exhibit, daycare, public park, or theme park. It's also ideally-suited for gun ranges or other hunting-related facilities.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
