

Preble Bollard Planter

Whether you want to help people find their way or calm traffic near a pedestrian area, the Preble Bollard Planter is a smart investment. The 4 Kids team designed this bollard with a super-durable architectural composite that's strong enough to help safeguard people and property. It will stand up to Mother Nature, too, resisting corrosion and freeze-thaw cycles. The planter is simple enough to blend with many styles of architecture, providing a classic look without an overly fussy design. From hospitals to offices to gardens, this multifunctional piece boosts curb appeal while enhancing safety.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
