

# Bell Pepper Sculpture

This Bell Pepper Sculpture looks tasty enough to crunch into, but it's actually a beautiful realistic sculpture suitable for indoor or outdoor display. It's crafted from high-quality, kid tough, weather-resistant material. You don't need to worry about that vibrant red fading either. We use UV-stable pigments that resist fading, so this pepper will look perky for many years. Add it to gardens, exhibits, or attractions with themes like food, regional produce, or healthy eating. This food sculpture pairs perfectly with our Green Bell Pepper Sculpture.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
