

Red Fox

Kids love an adventure playground, especially ones populated by the woodland creatures that are found in fairy tales. The most fascinating feature of this astonishing Red Fox playground sculpture from The 4 Kids in Greenville, Texas is his realistic, lifelike design, especially the mesmerizing gaze that thrills and delights children in the theme parks, playgrounds, indoor or outdoor, commercial or community playgrounds everywhere. It's easy to pretend he's a real fox, and besides setting the stage to make Woodland themed parks, playgrounds or splash parks the kind of awesome destinations kids love, this work of playground art adds panache and flair to exciting décor plans for play settings, retail outlets or even eclectic home decor. Just the right size for interactive make believe, the little fox, at 37.25 inches long and 23.75 inches high, engages children of all ages and enhances theme park fun and excitement for everyone. Crafted from weather-resistant materials and a superior construction process, the playground sculpture requires very little maintenance and promises years of durable service as a favorite playground structure in any park.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
