

Red Parrot Post Topper

A flash of vivid scarlet and the pizzazz of a bird taking flight are all part of this thrilling The 4 Kids Red Parrot Post Topper from the talented playground artists that make up the Greenville, Texas design team. Captivating perched atop utility posts at entrances, along walkways or supporting signage at aviaries, nature or woodland theme parks, zoos and family entertainment centers or fun venues anywhere, the dazzling parrot kicks up the panache in décor schemes and creates a vibe all its own to add fun to the functional service of park utility posts. So lifelike it will charm and enthrall admirers, capturing the attention of children and adults alike. Highest quality craftsmanship is combined with the excellent artistry to render this exact replica of the real thing virtually maintenance free in all weather, due to a super resilient finish that resists damage from ice, snow, extreme heat and even salt spray from the ocean. Park planners can expect years of vibrant good looks and quality service from The 4 Kids Red Parrot Post Toppers.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
