

Rosehill Cottage Playground

A magical blend of whimsy and adventure makes The 4 Kids Rosehill Cottage Tree House playground sculpture an exciting attraction for delighted kids of all ages. Climbers, crawlers, sliders, swingers and especially those imaginative little ones who love make-believe, all kids will find Rosehill Cottage the ideal setting for hours of fun and interactive play. Nooks, gingerbread and wood like textures will have you convinced that Rosehill Cottage is carved deep into an actual tree, but the clever design team at The 4 Kids includes artists, craftsmen and engineers who are widely respected for quality work and meticulous detail. The cottage playground structure is constructed of tough, heavy-duty glass fiber reinforced polymer for a long life of weather resistant, low maintenance service at the park, playground or schoolyard. Safety is the number one priority for The 4 Kids design team, and strict safety standards are used to build in peace of mind for parents, school and park staff.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
