

Saber Toothed Tiger Skull on Base

Décor accents that are dramatic and fascinating set a tone for fun and excitement on any playground, but especially those with themed playground equipment from the country's foremost playground equipment company, The 4 Kids in Greenville, Texas. Talented play art designers in The 4 Kids studio created this astonishing Saber Toothed Tiger Skull on a base to point up the promise of fun and adventure waiting for visitors to a dinosaur park, a prehistoric water slide fun center, or even a Jurassic themed restaurant or retail outlet. At nearly 20 inches high and 15 inches long, this saber toothed tiger sculpture adds a hefty dose of make believe to your park's recipe for fun, inspiring imaginative kids ranging from toddlers to teenagers and delighting park maintenance staff with superior construction which requires virtually no maintenance in all weather conditions. Crafted using glass fiber reinforced polymer, the sculpture construction ensures a high level of durable strength. Custom playgrounds are the forte of the experts at The 4 Kids, who assist and support client projects from beginning to end.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
