

# Sarcosuchus Sculpture

---

---

While this extinct crocodile relative is gobbling its prey, kids can climb, play, and use their imaginations. Our Sarcosuchus Sculpture is perfect for indoor or outdoor play equipment--so when you need to build a playground with a fun bite, this play sculpture is a creative choice. It's also an ideal addition to exhibits, museums, or attractions with a prehistoric theme. Like all our themed art, The 4 Kids crafts this with super-tough material that can withstand rough-and-tumble play, harsh UV light, and rough weather.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
