

Sheep Sculpture

Young visitors won't be sheepish around this Sheep Sculpture. Shown here with the realistic finish, our ewe features natural-looking details that invite children to touch and explore. We've constructed this from sturdy material, making it a fun but safe climber for indoor playgrounds or outdoor play. The material we use is resistant to weather and kid traffic, plus it's UV-stable so it will maintain its texture and colors for a long time. This is just one of The 4 Kids giant collection of animal play sculptures--check them all out!

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
