

Sierra Madre Rock Climber

The Sierra Madre Rock Climber from The 4 Kids is a doorway to a kid's rock climbing dream come true. Two rock pillars support a natural looking overhead that is custom made for climbing and building lifetime balance skills. A kid's imagination gets a good workout also, when this wonderful example of The 4 Kids' play-ground equipment hits the park, especially nature or pirate themed fun centers. Four quality finishes complete the superior construction that rates high for safety but has low maintenance requirements. Impact and weather resistant, this playground structure is built to last for years.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
