

## Sign 7

---

---

Flourishes and facts, the perfect pairing for signs that make an impression, whether in theme parks or theaters, medical clinics or malls, universities or utility companies, the possibilities are endless for this traditional signage design from The 4 Kids in Greenville, Texas. Classically sculpted in early American style, the signage surface is recessed for extra impact and bolstered on each side with traditionally fashioned posts. Whether located to welcome visitors at entrances, provide instructions for customers or provide directional information, this exceptional design truly has everything, including good looks, a stately style and superior durability. Expert designers and talented craftsmen in The 4 Kids' Greenville, Texas studios ensure highest quality with glass fiber reinforced concrete construction, known in the industry as the "smart" concrete. Virtually maintenance free in all weather, signage mounted on this structure will last for years, maintaining a like new finish. Available in 3, 4, 5 and 6 feet high versions, the sign is customizable and can be mounted on a brick base for extra height. Wherever this eye catching sign structure is placed, observers are impressed and property owners are delighted.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
