

Sign 9

Simple lines set off by a charming row of notches are included in this unique The 4 Kids sign structure in 3, 4, 5 and 6 feet height levels, with or without a brick base for an extra foot and three inches. An eye catching way to display company logos, welcome messages, directions, instructions or any important information for every location, this sign structure is superior. The 4 Kids designers customize structures that serve as attractive, exceptional displays for signs that add a level of panache to every placement space, state parks or neighborhood playgrounds, daycare centers or senior centers, ballparks or basilicas. The possibilities are simply endless for these impressive structures from the experts in The 4 Kids' Greenville, Texas studios, adding a new level of style to every placement space. This unique design includes simple blocks flanking the text area of the sign, ideal at entrances to identify company locations. Perfectly suited for indoors or out, the sign is constructed with glass fiber reinforced concrete for virtually no maintenance in all weather conditions, including salt spray from the sea.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
