

Sign 20

The 4 Kids sign structures are custom designed for each client and provide a unique and perfectly crafted display to meet every particular signage need, in theme parks or state parks, hospitals or hotels, courthouses or basketball courts, even shopping malls and restaurants. Signs are your first chance to reach out and make a good impression on your clientele, as well as a valuable opportunity to set the tone for a pleasing experience as part of your venue. When your sign choices pair well with your décor plan, that can go a long way in achieving the results you wish, whether it be presenting a calm environment for patients at a medical facility, kicking up the fun factor at an entertainment venue or creating a space for quiet contemplation at your place of worship. This sign is simplicity itself, presenting a broad expanse that complements text. With or without an attractive brick base, the sign, which comes 3, 4, 5 or 6 feet tall, can be located indoors or outdoors. Superior glass fiber reinforced concrete ensures a resilient finish in all weather with very little maintenance required.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
