

Sign 29

Wide and streamlined with delicately arched detail along the top, this awesome sign display from The 4 Kids will help you set the stage for fun, for business, for education or for wellness at any location. Theme parks, hospitals, shopping malls, even municipal buildings; the possibilities for placement of this great looking sign structure are endless. Crafted to highlight text and deliver a high level of panache along with your message to the public, this superior The 4 Kids structure is eye-catching and attractive. Great for getting the message across to clients, students, patients or members of your public, the design is also popular with property owners and maintenance staff, who appreciate the tough glass fiber reinforced concrete finish that is weather resistant and resilient. Durable for years of service that requires very low maintenance, this design resists damage in snow, ice, intense sunlight and even the salt spray of the sea. Choose your sign in 3, 4, 5 or 6 feet heights and add an optional brick base for an extra foot and a half. Discuss your specific signage needs with The 4 Kids experts who customize today.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
