

Sign 41

Old English detail and a flawless design sets this sign structure from The 4 Kids apart from others, displaying information for your clientele with style and flair, no matter what the location. For theme parks or state parks, medical plazas or military posts, schools, hotels, museums or zoos, wherever this superior signage structure is placed, it will draw attention and provide a high quality option for getting the word out to your patrons. Perfect for providing an awesome first impression, The 4 Kids sign structure ensures that the first impression will keep on giving through years of high quality function. Thanks to a glass fiber reinforced concrete finish that is virtually indestructible, this amazing sign is low maintenance in all weather conditions. Extreme heat of the desert, ice and snow in the frozen North, even sea salt spray cannot damage this superior design. Choose from 3, 4, 5 and 6 foot tall options with or without an extra foot and 3-inch brick base, or discuss your ideas for customization with The 4 Kids experts. Your signage structure will remain beautiful and functional for years.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
