

# Space Station

The magic of outer space is a common thread in children's fantasy. Imagine a child's delight at the opportunity to visit a Space Station, especially when it is as close as his favorite playground. Rocketing to the height of fun and play adventure, kids enjoying The 4 Kids Space Station all-inclusive playground are afforded an amazing work of playground art, created by talented artists, designers and engineers. Complete with slides and walkways, rocket sculptures, planets and moon rock climbers, The Space Station has it all for youngsters who love to climb, crawl, balance, slide and explore their way among the stars while indulging a healthy sense of make-believe adventure in space. Crafted from glass fiber reinforced concrete, this 35 foot long playground is tough, weather-resistant and virtually maintenance free, designed using the most stringent safety standards and meticulous detail to thrill and delight park goers in theme parks, community, commercial, indoor or outdoor play areas. The Space Station design is customized according to specific client needs and The 4 Kids playground experts offer a free initial consultation.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
