

# Standing Tiger

The 4 Kids Standing Bengal Tiger is a stand out for certain, one of a zoo themed collection from the Greenville, Texas studios and a favorite of delighted kids who might meet him at a zoo playground, a Safari Themed or water park, a children's museum or expo, even a family fun resort or entertainment center. The possibilities are endless for this impressive replica, sculpted so realistically that children are tempted to touch to see if he is the real thing. Perfectly designed from the vividly hued black stripes to the intensely fierce gaze of the big cat, the Standing Bengal Tiger is the creation of a team of world renowned playground artists from The 4 Kids. Neither weather nor wear can damage this virtually indestructible work of playground art, including glaring heat and sun exposure, sea salt spray and wind, ice or snow. Standing regally at over four feet tall and six feet long, the tiger goes eye to eye with delighted children who make him the star of every kind of make believe scenario they can come up with.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
