

Sunnyvale Bollard Planter

Add greenery and an extra measure of security to your property with the Sunnyvale Bollard Planter. Our bollards are strong enough to help safeguard pedestrians, patrons, or residents because they're made with GFRC (glass fiber reinforced concrete), a material engineered to hold up under impact. And even though you can count on this planter design to help protect people and property, it also provides a generous dose of visual appeal. Our team offers this in a range of colors and finishes, including the concrete finish shown here.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.

Contact Us
