

T-Rex Climber

Tyrannosaurus Rex was once a fierce predator that roamed our Earth years ago. Luckily this T-Rex won't gobble you up, he just looks fierce. Kids love climbing and dinosaurs. Take them to prehistoric lands and feel like an archaeologist for the day. They can climb all over this dinosaur with no fear, just laughter. It gives children the exercise they need for their growing bodies, and is great for balancing. They can hang from the jaws or climb up the side to touch his head.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
