

# T-Rex Rock

Bring prehistoric to your park. This gigantic T-Rex Rock is a tyrannosaurus rex atop a sculpted piece of rock. Water rains down from the top for children to run under and get soaked. This could also be used as a feature without water. This dinosaur sculpture will be the focus of any playground and create a playspace that intrigues the imagination. T-Rex is known for his 5foot long skull full of meat-tearing teeth. While this t-rex is as friendly as ever, kids can still enjoy the realistic look of the king of dinosaurs. The 4 Kids' Tyrannosaurus Rex playground sculpture is a magnificent, true to life work of art for use on playgrounds and parks. Perfect in a dinosaur theme park, the Tyrannosaurus stands 22 feet high, overlooking a landscape of delighted children.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
