

Triceratops Bones Climber

The Triceratops skeleton climber is a life size model of the rib cage and skull. It can also be customized to fit your needs, climbing through the dinosaur bones of this Triceratops will transport any child into a world of prehistoric proportions fostering the imaginative play aspect. This Triceratops is made from a weather resistant glass fiber reinforced concrete. This big guy will fit right in with your prehistoric themed playground.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
