

Trumbull Bollard

When you need security you can rely on and visual appeal that adds to the landscape, the Trumbull Bollard is a great option. This security barrier is crafted with GFRC (glass fiber reinforced concrete), a material engineered for strength, durability, and versatility. We can mold it into a nearly endless variety of shapes, so if this style doesn't quite suit we're happy to collaborate on a custom design with you. The size is fully customizable, ensuring you get exactly what your site needs. Invest in the Trumbull Bollard for properties like hospitals, casinos, schools, attractions, and more.
