

# Tudor Tree House

Lots of people dream of having their own tudor style home, complete with traditional woody charm and lovely gingerbread accents. For kids, that dream Tudor home is The 4 Kids Tudor Tree House, which offers a lot more than trim, such as tree swings, twisty tunnel slides, walkways and two stories of fun and adventure on the playground. The Tudor Tree House is a favorite attraction for all the little climbers, crawlers, sliders and swingers in your neighborhood and turns your playground into a world of exciting activity to stimulate growing bodies as well as developing imaginations. There's nothing imaginary about the high level of quality The 4 Kids design team applies during the creation process, however. Parents, park supervisors and school staff can rest easy knowing their little charges are safe and secure at play on the Tudor Tree House structure. If you didn't know it was built from tough, durable glass fiber reinforced polymer, you would believe the tree house was crafted from an actual tree. The meticulous detail and textures are that realistic, but the Tudor Tree House safe, weather-resistant materials require virtually no maintenance for years of fun on the playground.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.

All of our products are custom designed to work perfectly with your unique playground. Let us know how we can meet your specific needs by contacting our knowledgeable design specialists, today.
