

Wyoming Pergola

Provide a shady spot for guests, patrons or visitors with the Wyoming Pergola. The model we've featured here is in the realistic finish, but we offer other options too, including concrete and stone. It's engineered from highly-durable material that's known for its ability to withstand harsh weather and bright sunlight. Because it has an outstanding resistance to weather, the Wyoming Pergola is suitable for all sorts of environments, including seaside or mountain. Add it to gardens, public gardens, arboretums, church camps or grounds, public parks, resorts or zoos.

The 4 Kids was born out of a desire to create high quality, one-of-a-kind park shelters and play environments that effectively appeal to children's natural curiosity and imagination.
